

# Eurasian Union of Adolescents and Youth Teenergizer Strategy Overview till 2020

The Teenergizer team create a world where every teenager can realize her or his potential; a world free from discrimination in all areas, including HIV; a world where the rights of teenagers and youth do not have to be defended because they are fully respected.

## OUR GOAL UNTIL 2020

Teenergizer team in 5 EECA countries supports self-fulfillment of adolescents and young people, and also creates conditions to make voices of adolescents influence the decision-making processes in the areas that are related to youth, including HIV/AIDS issue.

2. Leadership development and professionals' capacity building for adolescent-activists' on the Teenergizer basis.

As a result, until 2020 – at least 300 activists from among adolescents and youth are meaningfully involved and are actively take part in the Teenergizer movement in EECA countries.

## DIRECTIONS OF WORK TO ACHIEVE GOALS

1. Development of youth movement in EECA countries, which is comfortable, safe and interesting for a wide range of adolescents.

As a result, until 2020 – at least 5,000 teenagers and young people receive support (online and offline) and have conditions /opportunities for self-fulfilment on the basis of Teenhouses in 5 countries of the EECA.

3. Delivery of adolescents and youth voices to the policymaking processes at the level of cities, countries and the EECA region.

As a result, until 2020 – the Teenergizer movement influences decision making processes, related to adolescents and young people, through active participation in the committees and working groups that form the local, national and the international policy on adolescents and youth, HIV/AIDS and sexual and reproductive health.

## TEENERGIZER PLANS FOR 2018

2018 will be the year to launch implementation of the Teenergizer strategy, which will set the tone of the union's work until 2020. We will focus on creating of basis for further work, track progress and analyze the lessons learnt.

colleges, which will be dedicated to healthy lifestyle, including HIV prevention, adolescent rights and gender equality.

- ✓ We will continue to assess accessibility and quality of services for teenagers in health field.
- ✓ We will continue to develop an offline platform for communication and mutual support.

## DIRECTIONS OF WORK IN 2018

1. Development of youth movement in EECA countries, which is comfortable, safe and interesting for a wide range of adolescents.

- ✓ We will continue to support and develop the online platform [teenergizer.org](http://teenergizer.org) - fill it with articles of young authors, provide online per-counseling and counseling of psychologists, create thematic sections on the site, for example, dedicated to the work of Platforms of young leaders in Ukraine or involving the EECA youth in AIDS 2018, etc.
- ✓ We will continue extension of an interactive map. [teenergizer.org](http://teenergizer.org), created by young people - fill the resource with interesting and useful for adolescents locations, focusing on HIV testing points.
- ✓ We will conduct ToT for young leaders and further will hold at least 300 trainings in schools/universities/

As a result, until the end of 2018 -- the Teenergizer movement will attract at least 2000 new adherents from adolescents and young people who will receive support and opportunities for self-fulfillment.

2. Leadership development and professionals' capacity building for adolescent-activists' on the Teenergizer basis.

- ✓ We will conduct needs assessment among young people in our region related to training and capacity building, based on the features of our time and the most practical skills for youth.

- ✓ We will continue to support the capacity strengthening of adolescents who have already passed trainings: SMM technologies, project management, skills of public speaking and fundraising, etc.
- ✓ Experienced Teenergizer team members will support teenagers from other countries and cities, where the movement only started.

As a result, until the end of 2018 at least 100 young people will gain knowledge and skills, which are necessary for the leader today, as well as opportunities to apply them in practice.

3. Delivery of adolescents and youth voices to the policymaking processes at the level of cities, countries and the EECA region.
- ✓ We will continue to support adolescents who already represent Teenergizer in key committees that influence policy-making processes: National Councils for HIV at the region and country level, coordinating committees of key forums on HIV and healthy lifestyle, working groups on preparation of National Programs, etc.
  - ✓ We will support initiatives of adolescents to enter new committees/groups to represent the interests of teenagers.
  - ✓ We will create conditions for the voices of adolescents to be heard at all key forums of our region and on international level: EECAAC-2018, AIDS- 2018 etc.
  - ✓ We will strengthen existing and establish new partnership with International organizations,

governmental bodies and other stakeholders, who support activities and values promoted by Teenergizer team.

As a result, by the end of 2018 the opinion/voice of the Teenergizer representatives will influence on the making of policy that would be friendly to young people on different levels, what will be supported by concrete documents.
